## DUI EDUCATION

Any conviction of a DUI in California will require the completion of a state-approved DUI program.

Our professionals help you navigate and give you the tools that you need. Our program is California approved.

## OUTPATIENT COUNSELING

The Outpatient Program is designed to empower you to live a clean and sober life. Our counselors have helped many people take control of their lives. We can help you too. This program is highly customizable with day and evening classes. Program highlights include substance abuse, relapse prevention, anger and grief management.

## INTENSIVE OUTPATIENT COUNSELING

The Intensive Outpatient Program is a counseling program up to 6-30 hours a week. The program is designed for a minimum of 90 days.

Graduates of the Intensive Outpatient Program are provided a personalized plan for recovery. You will be given life skills and a comprehensive relapse prevention plan.
